

OXFORD

Oxford are using a "bucket", or tandem system of rigging their boat, for the first time since 1975. Instead of the traditional set-up in which oars alternate on the bow and stroke side of the boat, Oxford have their two middle oarsmen rowing on the same side. This helps to keep the boat straight, better connects the strong stern four with the weaker bow four and allows the better rowers to sit in their ideal seats

CAMBRIDGE

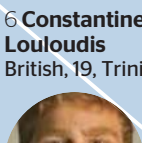

* denotes a Blue

Bow **Moritz Hafner**
German, 26, Oriol

3 **Alec Dent**
British, 21, Keble

6 **Constantine Louloudis**
British, 19, Trinity
